Emergencies happen; unfortunately people do get injured. Carpathia has taken a step in the right direction by training 18 members in what to do in a medical emergency and how to help. On the 18th and 19th of January classes were taught in CPR (Cardiopulmonary Resuscitation) and how to use the AED (Automatic External Defibrillator). During a 4 hour class each attendee practiced how to help a person who is unconscious, conscious, and/or choking. We have been fortunate that not many injuries have occurred at Carpathia, however to being prepared is important.

The following members are CPR and AED trained:

Resi Olsavesky	Christina Psocka
Theresa Nowak	Edith Sehling
Ann Kapraun	Kurt Seiberling
Mike Talan	Irene Talan
Mary-Ann Huth	Gisella Matye
Annette Hammer	Philipp Hammer
Irene Dietz	Ann Wunsch
Anna Ess	Mike Dolan
Rosi Kuhlmann	Helmut Egger

Each member did a fantastic job and has enthusiasm for helping others when needed.

Thank you for volunteering to help at Carpathia!!
