*USA Mulholland Textured Wool Area Rug
7'6" x 9'6" in Mulholland Cream*

100% wool

Product details

This stunning rug has everything: contrast, a soft, wool construction, and a cool, abstract motif. What more could a space need? With a cream-toned base and style in spades, the Mulholland Textured Wool Rug reflects minimal-meets-eclectic vibe perfectly. The moment you roll out this special piece, you'll know you made the right decision.

- **Natural Materials:** Our area rug is handmade from 100% Wool and expertly made by hand or machine in India ensuring quality craftsmanship. These wool area rugs have sturdy structure and classic inviting appeal.
- **Recommended Rooms:** Add warmth and texture to your living room, dining room, bedroom, kitchen, or hallway with this stunning 8x10 area rug. This rug's organic natural look will be a timeless decor piece that creates a boho or farmhouse feel.
- **Enduring Natural Style:** Combining the rustic appeal of a farmhouse rug with a modern twist, our wool area rugs go with any of your existing decor. Wool rugs are perfect for adding texture and giving your home a warm cozy feel for years to come.
- **Durable and Sustainable Quality:** Our wool rugs are made from sustainable materials, making them durable and hard-wearing that will hold up in busy areas such as living rooms, and hallways while being environmentally friendly.
- **Sleek and Functional Pile Height:** The low pile of this area rug strikes a perfect balance between style and practicality that is perfect for high traffic areas. Our rug adds a sleek and sophisticated touch while remaining easy to clean and maintain.
- **Versatile Size:** This area rug measures 8x10 feet, making this rug the ideal choice for various room sizes and layouts. This rug makes the perfect centerpiece for your living room, bedroom, or dining room that could use an elevated touch.
- **Kid and Pet-Friendly Rug:** This wool area rug is built to last in high traffic areas of your home. With its durable nature, this rug was crafted to withstand everyday foot traffic from kids to pets while adding style and comfort to your space.
- **Natural Insulation:** Wool is naturally insulating, which helps with temperature regulation of your home. It will keep your feet warm during cold months and will help keep you cool during the warmer seasons, making this the ideal area rug in any space.
